It comes with smart functionality like time shift and peak shaving to reduce your energy cost, and it's fully integrated, enabling you to get the most out of both new and existing solar panels.

In-house IoT EMS hardware and software provide cost-effective solutions for managing distributed energy resources. Scalable from single asset control to complex microgrid and utility environments.

What are 600mm wall mounted data cabinets? Our range of 600mm wall mounted data cabinets have been designed with ease of installation and maintenance in mind. The high specification of the

HBOWA uses top-class grade A lithium iron phosphate battery cells with over 6000 cycle times to ensure the battery quality in the energy storage container. The

The outdoor energy storage system supports the flexible expansion of PV capacity and simultaneous access to load, battery, grid, DG, and PV, highlighting its role tailored for small C& I energy storage

This 1.2MWh/600kW all-in-one C& I energy storage cabinet utilizes Lithium Iron Phosphate (LFP) battery technology, featuring scalable capacity from 1MWh to 10MWh with 500kW

Durable & Cost-Effective Energy Storage Cabinets ? Your Trusted Sheet Metal Supplier Read more

HBOWA uses top-class grade A lithium iron phosphate battery cells with over 6000 cycle times to ensure the battery quality in the energy storage container. The battery container supports seamless
