An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.

At Sunchees, we provide robust solar systems designed for agricultural environments, including farms, ranches, and barns. Our systems range from

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our containerised off-grid solar solutions are fully customizable, and our team of experts provides end-to-end support, from site assessment to installation and maintenance.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! Difficult times require extraordinary solutions! The

Discover Solar GEM®, a prefabricated, mobile solar solution designed for off-grid energy needs. Scalable, robust, and ready-to-deploy worldwide.

In this article, we explore how solar containers work, their benefits for off-grid agriculture, and how they're helping create a more resilient and productive farming future.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable
