Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet.

HuiJue Group's commercial and industrial energy storage solutions offer capacities ranging from 30 kWh to over 30 MWh. These solutions cover most commercial applications, such as electricity cost

It consists of several key components, including a 30KW DEYE high-voltage energy storage inverter, a SunArk 60KWH high-voltage lithium-ion battery pack, and an IP55 outdoor cabinet.

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

The outdoor energy cabinet supports hybrid configurations with solar + battery + grid or diesel generator. The EMS intelligently switches among power sources for optimal cost-efficiency and continuity.

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery

packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an

Highjoule provides advanced BESS solutions for C& I applications, including energy storage cabinets (30kWh-1MWh), containerized systems (1MWh-30MWh+), and fully customized solutions.

HuiJue Group's commercial and industrial energy storage solutions offer capacities ranging from 30 kWh to over 30 MWh. These solutions cover most commercial applications, such as electricity cost

It consists of several key components, including a 30KW DEYE high-voltage energy storage inverter, a SunArk 60KWH high-voltage lithium-ion battery pack, and an

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands.

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage

This outdoor energy storage system pairs 30kW PCS with 80kWh LFP batteries?ideal for peak shaving, emergency backup, and hybrid off-grid energy setups.
